

****Monica Ros School Summer Camp****

June 25 – August 3, 2018

9:00am – 2:00pm Camp Day

783 McNell Road, Ojai, CA 93023

www.monicaros.org | 805-646-8184 | office@monicaros.org

Monica Ros School is excited to offer our popular six weeks of Summer Camp to all children in the community who are three years old and potty-independent, up through those entering 4th grade this fall. Campers will be separated by age to allow for the most secure and comfortable range of exploration for them. Our kind, qualified staff are all Monica Ros School employees with years of experience.

“SCIENCE EXPLORATIONS”

First Week: June 25 – June 29

The experiments of this week of camp are too many to list! Campers will make playdough, slime, and their own bouncy ball (exploring the properties of each as they do.) Our resident ‘Bubble Expert’ will give campers a chance at standing in, chasing, and making giant bubbles! We’ll look at earth science as well: testing the power of the sun with various materials’ melting points and solar paper; looking at and creating fossils and gems. As in all weeks of Monica Ros Summer Camp there is tons of water play, take-home crafts, and a frozen organic juice ‘treat’ each day.

“PUPPETRY PRODUCTIONS”

Second Week: July 2 – July 6 (discounted \$240/wk. because of 4th of July holiday)

Campers will have so much fun exploring puppetry: sock puppets, paper bag puppets, felt boards, and simple marionettes, are all included! Reading and recreating classic tales like The Princess & The Pea and The Three Little Pigs will lend structure to the camp’s projects. Older students will also explore storyboarding and creating their own comic books! As in all weeks of Monica Ros Summer Camp there is tons of water play, take-home crafts, and a frozen organic juice ‘treat’ each day.

“ART CREATIONS”

Third Week: July 9 - July 13

Explore an amazing array of mediums and materials at this camp focused on one of Monica Ros School’s specialties: fine arts! Campers will have the opportunity to use clay, colored pastels, charcoal, water colors, paper/collage, and more. Learn the difference between plein air, still life, and imaginative works. Older campers will enjoy a unit on art mysteries: forgeries, stolen art, and dating/fingerprinting techniques. They will also visit the Ojai Museum for a fun art scavenger hunt! As in all weeks of Monica Ros Summer Camp there is tons of water play, take-home crafts, and a frozen organic juice ‘treat’ each day.

“ZOO-TASTIC ROMPS”
Fourth Week: July 16 - July 20

Everyone will want to explore the Monica Ros Zoo! Older students will design diorama-style enclosures in big cardboard boxes and choose an animal to become--younger campers will come by to meet the zoo's inhabitants. Fascinating creatures from non-profit *Wildlife Experience* will visit camp. Lots of fun animal art projects will be made by all. Older students will go on a field trip to the Santa Barbara Zoo to feed the giraffes and learn about careers in wildlife conservation! As in all weeks of Monica Ros Summer Camp there is tons of water play, take-home crafts, and a frozen organic juice 'treat' each day.

“OCEAN ADVENTURES”
Fifth Week: July 23 - 27

The annual Monica Ros School theme for this past school year was oceans, and boy do we have a lot of fun ideas that we never got around to! Lots of water play is involved when you're learning about oceans, and fun ocean-creature art projects will be done by all campers. The sand box will have special toys and surprises for our younger campers while older campers learn about ocean exploration and build their own sea-worthy vessels. A field trip to Carpinteria State beach including time in the interpretive center learning about native wetland and coastal habitats is included for older campers. As in all weeks of Monica Ros Summer Camp there is tons of water play, take-home crafts, and a frozen organic juice 'treat' each day.

“TRANSPORTATION TRANSITS”
Sixth Week: July 30 - August 3

This week of camp will look at how we get from here to there. Horses, trikes and bikes, trucks and tractors...we will explore them all. Younger campers will read beloved stories like *The Little Engine That Could*, *Otis (the tractor)*, and *Little Blue Truck* with songs, games, and art projects to accompany them. An antique fire truck will visit campus. Older campers will have the morning of each day with a certified PlayWell Teknologies instructor and THOUSANDS of legos to build special transportation-themed projects with! They will also visit a private car museum here in Ojai. As in all weeks of Monica Ros Summer Camp there is tons of water play, take-home crafts, and a frozen organic juice 'treat' each day.

****Monica Ros School Summer Camp****

Camp is \$300/week. A second camper in a family is discounted to \$200/week. Current Monica Ros families may charge camp fees to their school account, other camper's fees are due before camp begins. Camp is from 9:00am-2:00pm. Return this form to register, or call/email the office (805-646-8184; office@monicaros.org)

- TRANSPORTATION TRAVELS, Week 6, July 30 - August 3

Our Summer Staff

Monica Ros students know our Summer Camp staff as their extended family! We are lucky to have Mrs. Bolton and Mrs. Garcia from our Yellow Room, Blue Room teacher Mrs. Klimbal, and gradeschool assistant teachers Ms. Miculian and Mrs. Huber to round out the staff of camp. We are also proud to utilize our close relationship with The Thacher School, and vast pool of accomplished, lovely Monica Ros graduates, to host a handful of counselors-in-training who offer another set of helping hands throughout the summer.

** If your student participates in a field trip during Summer Camp, your signature signifies the following: I agree to direct my child to cooperate and conform with directions and all instructions of the supervisory personnel in charge of the field trip. Should it be necessary for my child to have medical treatment while participating in a trip, I hereby give the school personnel permission to use their judgment in obtaining medical service for my child and I give permission to the physician selected by the school personnel to render medical treatment deemed necessary and appropriate by the physician. I agree that in the event my child is injured as a result of his/her participation in a field trip, including transportation to and from such activity, recourse for the payment of any resulting hospital, medical or related costs and expenses will first be against any accident, hospital or medical insurance, or any available benefit plan of mine or my spouse. Field trips are covered by the accident policy Monica Ros School carries on each child. (QBE Insurance Corp.)*
